RURAL RALLY

Washington, D.C.

February 8-10

Hyatt Regency on Capitol Hill

“Let your voice be heard!”

NATIONAL
RURAL WATER
ASSOCIATION

Dear Friends,

As we gather together February 8-10 for our Rural Water Rally in Washington, D.C., let our voices unite to carry the message of rural water to our elected officials. By your participation, you are exercising one of the freedoms your forefathers provided through representation and the right to free speech.

Today there is change happening in D.C. A change in parties, changes in the House and Senate, new Senators, new Congressmen, people we need to meet and establish working relationships with!

Powerful legislative and regulatory changes continue to challenge rural America in providing clean, safe and affordable water. When you join with other rural water and wastewater professionals at our nation's capitol, you're contributing to positive outcomes on critical issues facing our industry. Rural Water's voice heightens the importance of our agenda before Congress, assuring continued support of our important programs that benefit so many utilities.

The 2010 Rally will be one of the most informative and educational experiences of your life. You'll learn about the latest trends in our industry and then you'll be able to carry the message forward to your elected officials. Our grassroots movement is the hallmark of our efforts and the benchmark of our success.

Your dedication to Rural Water makes a difference!

I look forward to seeing you in Washington, D.C.

AND...don't forget to say Thank You!

Sincerely,

A handwritten signature in red ink that reads 'Fred Sheldon'.

General Information

Your work at the 2010 Rural Water Rally is critical to our industry, to your association, and your utility. The opening session is designed to provide you with important details and the latest information to enhance the effectiveness of your work and the discussions with your Senators and Representatives. In addition to this information, you will hear from key people who have a direct influence on the future of the water and wastewater industry.

It is important that you share your experiences and the information you gain from your visits. This debriefing will take place at the Tuesday evening reception.

We really do need each other! Attend the Rally and help secure the future of Rural Water for everyone.
